

Editorial

Dear Readers of the Sputnik Gazette, the International Sputnik Day 2007 is just a few hours away and the program is rich and diverse. The current Gazette features the schedule for the program and as a special addendum a poster which you can print out. There is a color and a b/w version, so please check pages 2/3 of this Sputnik Gazette and check your printer settings as well. I'm excited about the International Sputnik Day 2007 and I would like to thank all participants, supporters and distributors who made this thing happen. To calculate local and GMT/UTC times, you may use <http://www.timeanddate.com/worldclock/>. Hope to see you or hear you
Best regards, Francis Hunger
